CORNUCOPIA

2000

**THE 2000 YEARBOOK DEDICATION IS
PROUDLY PRESENTED TO
MRS. DOROTHY CHEZIK**

Dottie Chezik is one of the most respected members of the Delaware Valley College family. Much of her work is done behind the scenes and can be hard to recognize.

Dottie has been with the college for over ten years and has developed an adoring love for this institution, its students, faculty, and staff. When Dottie was first employed she was the administrative assistant to the Dean of the College, later she became the Chief Business Officer. Her current duties are Assistant to the Vice President for Business and Finance. Many have said that while she has performed her various roles in the college, she has displayed a great work ethic, distinction, and accuracy that is legendary.

While Dottie has little direct contact with the students, her four years of involvement in A-Day, as well as other activities, is well known. Students as well as staff know that they can count on her. Dottie Chezik has become a mentor and friend to hundreds of students, faculty, staff, administration, and alumni of the college.

Dottie can best be summed up by her beliefs: "All decisions must be measured by how they will affect the students," and "students come first."

Dottie always speaks of all the good and positive things that Delaware Valley College has to offer and she is always willing to help the students. For these reasons we have chosen to dedicate the 2000 edition of *Cornucopia* to her.

MAKING TRACKS THROUGH THE YEARS AT DELAWARE VALLEY COLLEGE.

From 1897 until 1913 The National Farm School, founded by Dr. Joseph Krauskopf, was a four-year school. In 1913 its program was changed to three years. In 1946, the school was approved by the State Council of Education of the Commonwealth of Pennsylvania as a junior college, then called the National Farm School and Junior College. Two years later, in 1948, after expanding the academic program and adding buildings, it was accredited as a four-year senior college and named the National Agricultural College. In 1960, the college was renamed Delaware Valley College of Science and Agriculture. In 1989 the trustees approved shortening the name to Delaware Valley College.

LIBRARY 1924

Dr. Joseph Krauskopf

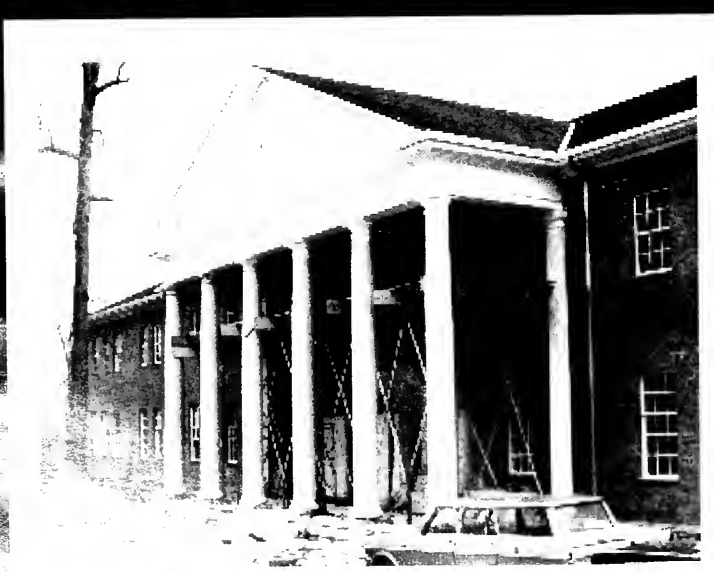

In 1924, the school's Trustees built the Joseph Krauskopf Memorial Library. They felt that no finer tribute could be paid to the memory of Dr. Joseph Krauskopf, the man who had dreamed of beginning a school and worked hard to make his dream a reality.

Dr. Krauskopf's will gave his personal library, containing hundreds of valuable books, to the school. An exact replica of the founder's home library was added to the Krauskopf Memorial Library to house these books.

In 1969, to accommodate expanded curriculum and the need for more books, two wings, the Samuel Cooke and the Harry Shapiro wings, were added to the building. In the 90's, electronic resources became an integral part of the library.

FELDMAN 1972

This building was dedicated to Baruch M. Feldman, artist and art connoisseur, who derived pleasure from his agricultural and horticultural pursuits in Bucks County. Dedicated in 1974, it offers additional classrooms, laboratories, and offices. It is often referred to as the "Ag Building."

WORK HALL 1964

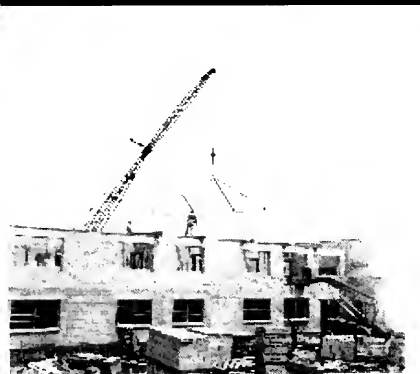

In 1964, construction began on the new dormitory, Work Hall. Work's main entrance is sheltered under a stately portico and opens into a generous 21 by 32 foot panelled lobby.

Closets, desks, and storage for clothes were built in to provide for maximum freedom of movement.

This dormitory was built to house 114 students. This building's cost is estimated \$500,000. Today, we would consider that cheap.

On November 8, 1964, Work Hall was dedicated to Dr. James Work.

LASKER HALL 1917

When Lasker Hall was built in 1917 it was the focal point for the layout of the campus. It originally contained the dining hall, kitchen, infirmary and other domestic services. Today, it houses many offices.

LAKE ARCHER 1908

Farm School students dig Lake Archer, a tribute to Archer Rosenthal. Reconstructed in 1961, this man-made waterway remains a part of Delaware Valley College today.

SPECIAL EVENTS

Each year we hold the same events, but we firmly step up and make each one our own. Clubs Track through the town on floats, making children smile and laugh. Later in the fall, these same clubs put on a show to scare those same children. Winter and spring bring semi-formals, each one unique to the people who attend. With Pride & Polish, everyone pitches in to clean up the smudges of the past year, but they can never clean up the Tracks of the past. Special events give DVC students the chance to make their own Tracks at their school.

— By *Marlena Balliett* —

There was a new twist led to homecoming this year. Friday night comedian Bryan Tucker kicked off the pep rally by announcing each sports team and trying to entertain the crowd between announcements. At the conclusion of the pep rally, the inflatable games began. Students ran the maze, rode the inflatable bull, and sumo wrestled in giant inflatable costumes. Meanwhile, down at the farms, last minute touches were being added to floats and spirit cars in preparation of Saturday's annual homecoming parade. The parade route started in Doylestown and wound through the spectators to the main campus. (I hear the candy supply was good this year.) Block and Bridle's giant rotating globe wouldn't fit under the underpass along the parade route, so they detoured and entertained a few surprised travelers on route 202. Saturday afternoon, the DVC Aggies dug their heels in during the Homecoming football game, but ended up losing to FDU-Madison, 19-38. Caesar made a guest appearance at the halftime show, and the homecoming court and parade

On the eve of October 28, 1999, ghouls and goblins came out of hiding to bring terror into the hearts of all who passed them. Del Val was converted into a bloodbath of excitement that attracted young and old. For three nights, the students of Del Val were transformed into hideous creatures that never rested. They brought darkness and misery over the campus, not resting until the last scream faded in the darkness. Halloween Haunting was a success this year and no one was disappointed with the evening.

ALL ABOARD DVC

Living away from home sweet home is usually a part of college life. But for one weekend a year, Del Val plays host to one of the best parts of home: family. "All Aboard DVC" Family Weekend was held October 22, 23, and 24, 1999. Friday night had a nautical air as Shatzy's Pub and the A.P.R. were transformed into the Parrot Head Cafe, complete with a Jimmy Buffet-esque menu and music. Saturday's luncheon menu included various comestibles from different ports-of-call, including Italy, Mexico and Germany. The weekend was liberally sprinkled with many festivities: a band/chorale concert, a scarecrow competition, and a horse show, as well as various sporting events. Families, friends, faculty and students alike all enjoyed this wonderful weekend.

Party of the Century Winter Semi-Formal 1999

December 3, 1999, all of Del Val glamours up for the winter semi-formal. The evening was just about perfect with the stars shining brightly as students entered the party of the century from the crisp night air. The students danced late into the night, with the morning never to come until the fun and laughter was over.

This year's semi-formal is not one you can forget. As you enter the APR, you see the line of students giving their tickets, finding their tables, and getting their appetizers. The decorations were exquisite, with the large clock in front of the stage to give the emphasis of the end of the millennium. The ice sculpture brought elegance to the room as the dance progressed.

A mock champagne toast was held at midnight to help ring in the new year and the new millennium. As the dance came to a close, there were still a few dancers reluctant to leave. The night was filled with an exciting and magical feeling, leaving everyone wondering what is in store for next year.

Kristen Salvesen and **Andrew Dougherty** are waiting to ring in the new year.

Spring Semi-Formal 2000

It was a rainy evening the night of the spring semi-formal, yet, no one let the rain dampen their fun. This year's theme was *A Secret Garden* and it was hosted by the class of 2001. The decorative theme portrayed the start of new life as well as a new year. An ice sculpture in the shape of a basket, filled with real flowers, beautified the hors d'oeuvre's table and a fountain flowed as music played the entire evening. The showpiece of the evening was seen as students walked through the door, under an archway that was decorated with flowers. The enjoyment of this night left everyone cheerful as they exited into the cold night air.

FOUNDER'S DAY

On Wednesday, April 12, 2000, the students and faculty of Delaware Valley College celebrated Founder's Day. This annual ceremony honors Rabbi Joseph Krauskopf and Dr. James Work for their great contributions to our school and for their dreams of its continued excellence.

Many students, faculty, and staff were honored for their support of the school and their continued effort at promoting the college.

Pomp and circumstance echo through the air as Jeff Young, Joann Dongan and Jennifer Niese process to the front of the room to participate in the service.

Dr. Leamer starts the program off by welcoming everyone to the ceremony.

Gerald A. Mann, Chairman of the Board of Trustees, presides over the ceremonies.

Andrew Dougherty presents Dr. Vinca Massaro the Student Government award for Faculty Member of the Year.

Dr. Boyd Giering accepts emeritus status from Dr. Vincent.

Eisa Munnikma receives the Founder's Day Award from Dr. Elizabeth Arrison. The Founder's Day Award is the highest honor bestowed at this ceremony and is given yearly to a student who shows pride and devotion to DVC.

The band, led by Dr. Jack Schmidt, performs at one of the school's most solemn occasions.

A-DAY 2000

SUN, FUN, CELEBRATION!

It's the last weekend of April: the semester is winding down, the weather is gorgeous and all around campus, there is excitement in the air. Welcome to the 52nd annual A-Day - one of the busiest and proudest times at DVC. The campus sheds its quiet facade and becomes a center of bustling activity as tents are pitched, booths are built, and equipment is setup. Throughout the weekend students will be working hard, but will make time to enjoy friends and family as well.

Paula Constable smiles early on Saturday morning. The girls of Omega Chi were flawlessly flipping to keep hungry A-Day guests happy.

The A-Day committee's hard work all year brought us a great event!

Taking a break to steady the llama, Dr. Reed and Susan Albertson help walk the animals up to the show tents.

By far, the most crowded night on campus is the Thursday night before A-Day. In keeping with Del-Val tradition, this year's A-Day weekend started with a concert by local bands, headlining was *Jimmie's Chicken Shack*, with *Mary Prankster* and *Tidewater Grain*. Crowds formed later in the evening and the APR rocked as the bands played through the night. As one of the bigger acts in DVC history, it was a memorable night.

As the bands play on, Brian Dravecz, Jules Abercaugh, and Jamie Assante show some of their ΑΦΩ spirit while dancing the night away.

A DAY 2000

Known for their tried veggies, the DEB girls were kept busy throughout A-Day weekend.

Maybe they've been out in the sun too long... Jamie Assante and Alumni Matt Schieferstein fry up some chicken for the APO booth.

Scaling to the highest heights, the tree-climbers drew big crowds each day at 1 o'clock.

Goofing off was the order of the afternoon, as children played, people picnicked, and the Jim Roberti Band entertained.

Although there was much to do outside, the inside events also drew a crowd. Up in Mandell, Dr. Berthold's entomology exhibit drew spectators.

Milk-chugging definitely caught on with the PEK brothers. Could they have been practicing?

Dr. Berthold helps to assemble the bee-beard. Many watched this awe-inspiring sight.

Beth Anderson and Katie Sterner could barely keep those milkshakes coming fast enough at the Dairy Society booth.

Rachel Everett and Aaron "Butford" Turner were named A-Day King and Queen. Both Rachel and Butford are involved in A-Day and many other activities on campus.

STUDENT LIFE

There is no right path to take in college. You must simply move forward and create your own route. A student's life is full of challenges. Whether academics, extracurricular activities, or even laundry, life is sometimes difficult. Yet somehow we all make it through to leave our own impression. It is up to us to make these first steps positive. Everyone will leave his or her imprint on the Delaware Valley campus in one form or another. The trail you make now will lead to your future.

President Leamer addresses the assembly to welcome the class of 2003 as well as returning students in the beginning of the fall semester.

Raymond Funkhouser, President of the Alumni Association speaks regarding the benefits of a DV C education.

Convocation

On September 1, 1999, the Office of Student Life, in accordance with their new policies for freshmen housing and programming, joined together with staff and administration to offer *Convocation* - an opportunity for an academic orientation at DVC. *Convocation* set out to do what no summer orientation could - involve the whole student body, faculty and administration.

Various speakers including Dr. Vincent, Dr. Arrison and Mr. Funkhouser offered advice to the first year students. After the ceremony, first year students were dismissed into groups according to major to meet their department staff and fellow first year students. This exercise was designed to help students feel more at ease during the first few days.

Later that afternoon, a campus-wide picnic was held on the Segal Quad. The Jim Roberti Band offered entertainment. It was a beautiful fall day and a great time to relax and meet new people before the bustle of the semester.

Making Life More Bearable

WHAT'S LIFE LIKE AS A RESIDENT ADVISOR?

Being a resident advisor at Delaware Valley College means being a friend and an enforcer in the Residence Halls. This job requires dedication to the residents and the Office of Student Life. A resident advisor is expected to be a role model, whether in the residence halls or just on campus. Resident advisors are a key factor to residence hall life. They are there through the good and the bad and at

all hours, day and night. The Delaware Valley College Resident Advisor team has been trained to be supporters and mentors to all of their residents. Being a resident advisor is a tough job. If it is done right, one can walk away knowing that they helped maintain order on the campus, but more importantly - they leave knowing that they have been a huge part of a student's collegiate career.

This year, Delaware Valley College experienced a wide variety of weather conditions: Floods, Hurricanes, snow storms, and 70 degree temperatures in March. Though some area's were hit harder than others, Del Val students seemed prepared for the conditions.

Hurricane Floyd ravaged

the East Coast downing wires, destroying homes, and changing lives. With classes cancelled from 1:20 on, Del-Val students enjoyed the flooding from Floyd. People were seen mud-sliding, playing football, or just running from building to building.

The Snow Storm of the year, beginning January 24 and settling down late on the 25, was a totally

different story. Having experienced mild conditions the past couple years, students went crazy. Classes were cancelled and stores were closed, leaving us stranded at school.

Snowball fights, purple snowman, and consumption of beverages occupied many students during the storm. People were found outside; there were a few who studied and slept: what fun!

Terry Funk, Bob Woodring, Dan Drake, Mike Hammer, Heath Papenberg, Matt Kleinle, J.P. Kleinle, Jim Kennedy, Nick Lombardo, and Kenny Teleski seem to be causing some trouble in the snow!

Someone has to shovel the snow around here!

Becky Oakley, Lorie Khalil, Joe [unclear] and Kristen Henry made it to classes in the snow.

Matt Helmi, Ryan Glauser, Joe Blandino, Chris Breeding, Mike Reinhardt, B.J. Kelly, and Ben Green are playing football in the flood.

Even a little rain doesn't keep Christina Bednatz from class.

Rich Pia poses for the camera. Wonder who was taking that picture!

Lecann Boyce seems to be enjoying the snow with her friend Ryan Spatz.

How Did You Spend Your

Week?

During Spring Break this year, a group of community oriented students gave of their free time to help those in need. These students, April Mafturak (the team captain) Colleen Kearns, Allison Lewandowski, Sara Nordstrom, Alison Endl, Pam Gromball, Colleen Milligan, Tara Corkery, Christine Fry, John Wade, Zane Writer, Kevin Maloney, Chris Reynolds, as well as their leaders Deb Mindock and Mike Bergels spent March 11-18th in Corbin, Kentucky where they helped restore two churches in need of renovations and painting.

Everything started with a massive fund-raising effort that included a giant "Back Yard sale" on February 18th in the APR. They raffled a Sony Playstation, sold refreshments at a social, and also found sponsors to donate money to their worthwhile cause. Each sponsor received a postcard, team photo, t-shirt, and an invitation to the post-trip slide show on April 9th in the Coffeehouse. After finally raising enough money for the trip, the team started off on their adventure.

The group travelled almost fifteen hours down to Kentucky in two college vans. Upon their arrival, they met the leader of the Helping Hands organization who brought them to the South Fariston Baptist Church, their living quarters for the duration of the trip. Reverend Dennis Woods and his wife Margaret allowed the volunteers to shower in their home and other members of the community brought food and drinks during the week.

On Monday and Tuesday, the crew worked at Saint Paul's Baptist Church in Barbourville, KY. They scraped the concrete walls, sanded and repainted the pews, and painted just about everything in the church. Wednesday was their day off, so they enjoyed visiting Lexington and the Kentucky Horse Park which houses many retired Derby winners. That night, they wrote more than 150 postcards to the sponsors who supported their trip.

Thursday and Friday was spent working at the South Fariston Baptist Church. The group did more painting, rebuilt book shelves, and replaced broken windows. Friday night was spent at the "Reno's Roadhouse" for more country style cooking, and ended at "The Music Place" where they enjoyed country line dancing. A few hours later at 1:30 AM, the group departed and left their new-found friends to come back to Pennsylvania. To all involved, the trip was a major success. Hopefully, this is only the first of many more to come.

April Mafturak and John Wade get a little cozy while enjoying their break from the volunteer work.

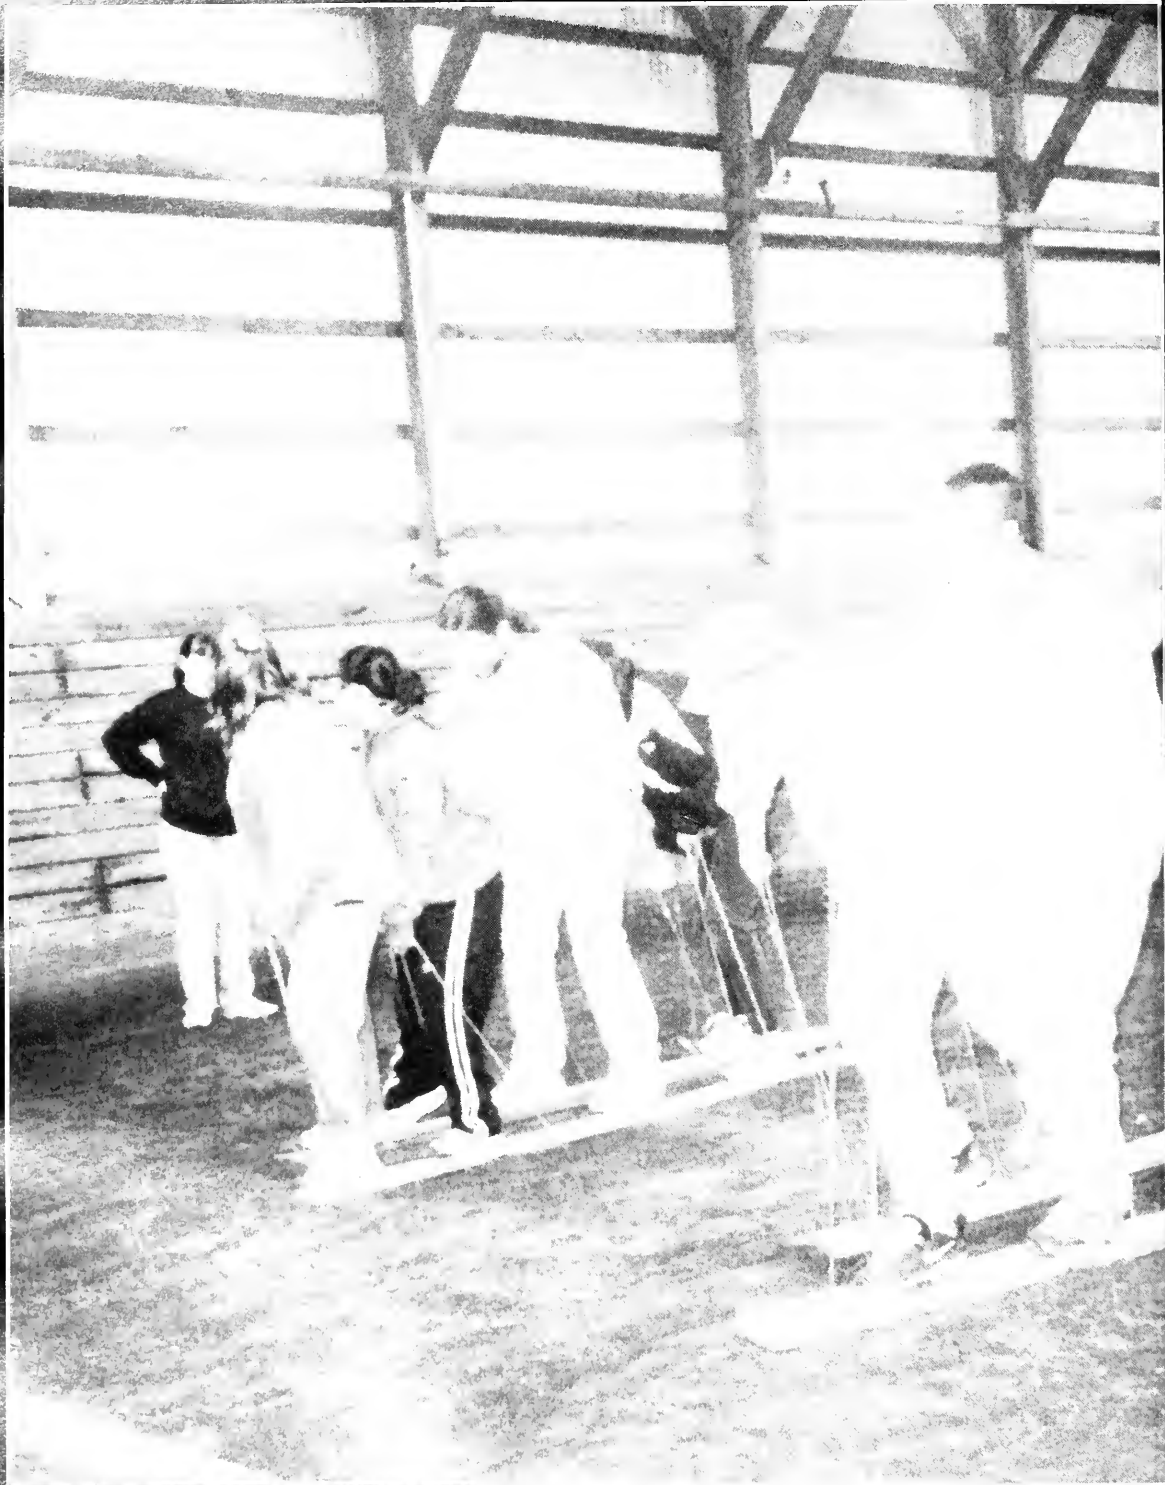

Pam Gromball and Kevin Maloney top and smile while working and repairing during their Spring Break.

Chris Reynolds and Allison Leandorski are caught in the act, the act of helping out they worked diligently to improve the section they were assigned.

Most of the group are smiling and posing for a photo in front of the church.

CLUBS & ORGANIZATIONS

As people work together, we achieve a common goal - a better Del Val. Everything which the clubs and organizations have done this past year have left an indellible mark on this campus. Our Tracks can never be erased because future generations of DVC students will see that those who were involved in clubs made DVC the college that it is. Together we have made a difference - follow in our Tracks.

SPORTS

Each year, sports teams leave their Tracks on campus: be it football with cleats; wrestling with mat shoes; basketball with sneakers; or track with running shoes. No matter what the sport, Aggies are always striving to do their best, some beating records which allow them to leave their own distinguishing Tracks on campus even after they leave. Being able to leave Tracks is something special, something that needs to be recognized, so this section is to all who make athletic Tracks here at Del Val.

Freshman Aaron Williams strides down the court.

Completing three-point shots is not easy, and you can see freshman Tom Shanski's concentration before the shot.

No one said that getting two points would be an easy task. Junior Tyree Jones is feeling a little claustrophobic right now as he is surrounded by his opponents in an effort to get a basket.

Freshman guard Scott Dodgson takes his time moving down the court as he looks for an open teammate.

The men's basketball team, under head coach Bill Dooley, went 10-14 overall and 5-9 in the MAC-Freedom League.

The Aggies greatly improved from last year's 7-17, 1-13 marks. The team was 10-10 at one point before dropping four league contests. Among those losses was a last-second defeat to NCAA qualifier Scranton (63-60) and an 89-84 double-overtime defeat to King's.

He went on to earn MAC-Freedom League and *Columbus Multi-media* Middle-Atlantic Region Player of the Week awards and earned a spot on the *d3hoops.com* Team of the Week.

GREATLY IMPROVED

Junior Tyree Jones, team captain, led Del Val in most categories including scoring (13.5 avg), rebounding (8.7 avg), field goal percentage (.531), steals (40) and blocks (38). His rebounding average led the entire MAC, while his average of 1.1 blocks per game ranked fourth in the MAC-Freedom

24 starts. He connected on 68 three-pointers for the third-highest, single-season total in school history. His average of 2.8 trey's per contest ranked third in both the MAC-Freedom League and the conference. He led the Aggies with 62 assist and also added 58 rebounds and 36 steals.

Another productive rookie, guard Jason Radic, saw a lot of time at forward to help the team's small lineup. He responded by finishing third on the team in both scoring (9.6 avg) and rebounding (3.5 avg). He placed fifth in the league and tied for ninth in the MAC with a 39.8 shooting percentage from the three-point land. He also tallied 47 assists and 24 steals.

Two other freshman starters were guards Aaron Butler and Scott Dodgson. Butler averaged six points and 2.6 rebounds per contest while also notching 44 assists and 15 steals. Dodgson averaged 2.1 points an outing and dished out 31 assists.

Seniors Charles Oakley and Nate Bradshaw concluded their collegiate careers. Oakley had his finest season in an Aggie uniform as the forward was fourth in the team in scoring with 9.6 points per game and was second on the boards at a 5.9 clip. He recorded 445 points and 315 rebounds for his career. Bradshaw, a three-year player at guard, saw time in all 24 contests and averaged 3.8 points and 2.1 rebounds. He notched a career-high 16 points in the double-overtime loss to King's. Bradshaw, who was also a MAC-Freedom League All-Star in soccer and a two-time MAC champion in track, wrapped up his hoops career with 197 points and 133 rebounds.

Junior Jameel Hawthorne became the Aggies' all-time leader in three-pointers with 163, surpassing 1989 graduate Joe Butts' total of 159. Hawthorne, who connected on 34 shots from downtown, averaged 7.9 points and outing and dished out 40 assists in 21 contests.

Freshmen Jared Cook, Mike Markey and Anthony Robinson rounded out the Del Val roster. Cook, a forward, saw action in seven games and recorded two rebounds. Markey, a forward, notched three points and one assist in six contests. Robinson, a forward, played in 13 games and scored seven points while grabbing 11 rebounds.

The Aggie softball team, under head coach Tom Wuerstle, went 3-23 overall and 1-7 in the MAC-Freedom League.

The program made small steps under Wuerstle as he built the roster from 10 to 16 since last year. The team won one more game than they did in 1999 and saw just 14 games end early due to the eight-run mercy rule compared to 20 from last season.

split time in rightfield. Lyons batted .235 in 15 games, while Bailey had five hits in 24 games.

Sophomore Kristen Snyder saw time at catcher and as the designated hitter and batted .222 with four runs. Fellow sophomore Kristen Radosevich rounded out the starters. Radosevich picked up one win on the mound, struckout nine batters in 51 innings and tallied a 6.18 ERA.

In her ready position, sophomore Becky Oakley, awaits the results of Erica Holland's pitch.

As she rounds third, junior Kelly Berger, turns her head to see if she should continue home to score a point for her team.

A NEW HEAD COACH

Junior centerfielder Brooke Bennetch had a solid season for Del Val as she paced the team in batting (.382), slugging (.544), on-base percentage (.411), hits (26), RBI's (17) and home runs (1). She tied for the team lead in triples with one and was second in doubles with six.

Freshman Erica Holland picked up two of the team's three wins on the mound. She struckout 39 batters in 98-plus innings and posted a 6.84 ERA in 19 games (16 games). Holland was also productive with the bat as she hit .313 with three runs and three RBI's.

Kelly Berger started behind the plate for 12 of the team's first 13 games but missed the rest of the year with a knee injury. That loss hurt the team as Berger was batting .306 at the time with 10 RBI's and she was a strong defensive presence behind the plate.

Sophomore Kim Tulish and Tracie Zakarzewski batted .305 and .279 respectively for the Aggies. Tulish, who saw time at third and second base, led the team with seven doubles and was second in both runs (14) and RBI's (13). Zakarzewski, a leftfielder, scored 11 runs and knocked in eight.

Another sophomore, Becky Oakley, played collegiate softball for the first time and started all 26 games at shortstop. She batted .267 and led the Aggies in both runs (18) and stolen bases (12). Her 20 hits ranked third on the squad.

Freshman Beth Sander and Rosemary Paylor started all 26 games in the infield and showed promise for the future. Sander, a first baseman, hit .291 and was second on the team in hits with 23. She scored 13 runs and knocked in eight. Paylor split time between second and third base and finished the year with a .258 batting average. She also notched 17 hits, 11 runs and eight RBI's.

automatic bid to the NCAA Division III Championships (North Central College - Naperville, IL - May 25) at home versus Albright on April 19 with a javelin throw of 205 feet. The toss broke the previous mark of 202 feet, four inches by Ron Zukley in 1994. At the MAC Championships, Woodring threw the javelin 188 feet, five inches and placed fifth.

The record set by Woodring was one of the four Del Val standards set during the 2000 season. The other three came from April Mafturak, Rachel Mayette and Sandy Tatarynw.

Mafturak, a freshman, cleared the pole vault bar by exactly nine feet at the Widener Invitational on April 22 (no previous record existed). Mafturak was the runner-up at the MAC's as she cleared the eight-foot, six-inch bar.

Mayette, a junior, set an Aggie record in the 3,000-meter run at the Widener Invitational as she crossed the finish line in 11 minutes, 33.05 seconds. That broke the previous mark 11:40.87 by Kathy McGough in 1990. Mayette finished 18th in the event at the MAC Championships (12:37.43) and also finished 23rd in the 1,500-meter run (5:43.07).

Tatarynw, a senior, ran the 5,000-meter run in a time of 22 minutes, five seconds at the Messiah Invitational (no record existed before). She did not run in that event at the MAC's but Tatarynw did compete in the 3,000-meter run and placed 20th (13:08.87).

Senior Jon Hoxworth earned points at the MAC's for the men Aggies, while fellow senior Jen Mills did the same for the women. Hoxworth finished fourth in the long jump with a leap of 21 feet, 6.75 inches. Mills finished in the top six in the javelin for the fourth straight year. Her throw of 109 feet was good enough for sixth place.

KEEPING THE CROWD ALIVE

We had a very successful cheerleading season this year. We attended all the football games, performed at the pep-rally, and were in the homecoming parade. This season we obtained permission to perform stunts, which we successfully completed throughout the season. We have a very dedicated coach, Stacy Rorchford, and very talented girls, which made a great team. This year our team consisted of: junior Chelsa Searles (captain), sophomore Melissa McCarthy (captain), freshman Paige Stranko (captain), sophomore Kirsten Kuhns, sophomore Tanya Ray, freshman Nicole Beyerle and freshman Jennifer Clark. We look forward to another successful cheering season next fall.

ACADEMICS

Delaware Valley College has been busy making Tracks in academics by making improvements available to students in the quality of its programs. The National Agriculture College only offered eight degrees in 1950. These eight majors included Animal and Dairy Husbandry, Dairy Manufacturing, Agronomy, Horticulture, Ornamental Horticulture, Poultry and Food Industry. Now fifty years later, it is possible for Del Val's graduates to leave their Tracks in over twenty different majors.

Dear Seniors,

To the members of the Delaware Valley College class of 2000. Offer my sincere congratulations on your graduation. I have had the opportunity to get to know many of you personally through athletics, music, student government, clubs, and other campus activities. Getting to know and work with the students is one of the best parts of my job as President. Over the last three years I have had the opportunity to watch you grow both intellectually and socially. I have been impressed with how you have worked together as a class. You have developed organizational skills, learned patience and many achievements. It is my hope that your years of success at Delaware Valley College serve as an inspiration as you go forward into your chosen field or on to graduate school. In the words of General Colin Powell of the U.S. Army, "There are no secrets to success: Success is the result of perfection, hard work, learning from failure, loyalty to those for whom you work and persistence."

Offer my best wishes to each of you for a bright and happy future. Remember your alma mater and keep in touch.

Dr. & Mrs. Leamer

Sincerely Yours,
Dr. Thomas C. Leamer
President of the College

Dear Seniors,

The problem with writing messages like this is that of being trite, of saying all of the things that are obvious and have already been said before. Having said this, here is my message to you. Congratulations on reaching one of the major milestones of your life. The future holds in store many exciting accomplishments. But, now you need to take a few minutes to look back at your experiences at DVC and realize that these will be some of the best experiences of your life.

You need to think of your DVC experience not as the end of an educational experience, as a beginning for future educational and life experiences you need to embark on. While most of you are probably tired of going to school, continued education is unbelievably important to your future. Try to expand your education both formally and informally.

Take a moment to reflect about others close to you who have sacrificed in one way or another to get you to this point in your life. It is definitely one of the happiest times in their life. Parents, siblings, relatives, friends, faculty, staff, administration, and acquaintances proud of you and know that your future is bright.

As you get ready to go into the work world, don't let that world take your soul. Your job will be an important part of your life, but it is only a part. The most important things in life are your family and friends.

While natural intelligence can never be discounted, it is important to note that how you treat other people, how you work with your future boss and co-workers, and how you apply things you have learned are as important, if not more so, than just knowing the facts.

Look forward to all of the great experiences you are about to have, and enjoy the trip.

Don Feldscher
Special Assistant to the President

To the Graduating Seniors,

Your academic family extends congratulations to each member of the graduating class. You are the first class of the new millennium, and there are great opportunities and challenges ahead of you. Completion of your undergraduate degree is a milestone in your life, but your opportunities to learn and grow as professionals and human beings will continue for the rest of your lives.

You have been prepared to function effectively in the future and make significant contributions to mankind. The College stands ready to support you as alumni, and we hope you will continue to support the college and promote its mission. It is our hope that you will reflect fondly on your experiences at Delaware Valley College and return to your alma mater often.

Best wishes to the Delaware Valley College Class of 2000.

In 1950, National Agricultural College celebrated its first commencement on June 4. These 47 graduates were the first students to receive a four year degree from NAC.

1950 was also the first year that NAC students participated in the Philadelphia Flower Show, a tradition that has carried on for 50 years. Another major event in 1950 for the college was the addition of Edwin B. Elson Hall.

In 1955, the college decided to build a Senior Dormitory in honor of Philadelphia financier, Nat. N. Wolfson.

In 1960, the decision was made to change the school's name from National Agriculture College to Delaware Valley College. There was also the addition of two buildings, Ethel Cooke Hall and the Joseph and Mary Barnes Hall, these two buildings were to serve as dormitories for the students.

In 1963, Del Val decided to offer an Evening Program for anyone interested in night classes.

In 1964, another dormitory, Work Hall was added for student use. This same year, Summer Sessions were offered to students.

In 1966, two more dormitories were added; these were the Morris H. Goldman Hall and the J. Bunford Samuel Hall. Also this year, the Samuel P. Mandell Science building was built, it served as a place for classrooms and laboratories.

In 1967, yet another building popped up on campus; this time it was the addition of the David Levin Dining Hall.

In 1970, the library increased in size with the addition of The Samuel Cooke and Harry Shapiro wings. Also there was the addition of another dormitory, the Leon L. Berkowitz Hall.

In 1971, the first women were admitted to the college: 30 freshmen and 11 sophomores were among these first women on campus.

In 1972, a building was added for classrooms, laboratories, and offices; this is the Baruch M. Feldman Agricultural Building.

Philadelphia Flower Show

March 5-11

Every year since 1950 Delaware Valley College has sent students to set up a display for the show. This year students designed an educational display on gardens. Their goal was to demonstrate the benefits of using the garden as an integral teaching resource in primary and secondary schools across the region.

Welcome to the
Philadelphia Flower Show
PNC BANK

A sign welcomes visitors to the Philadelphia Flower Show that is sponsored by PNC Bank and The Pennsylvania Horticulture Society.

Megan Scheib puts some color into a picture that will be used for the college's display.

Adam and Megan work on putting mulch into the college's flower beds.

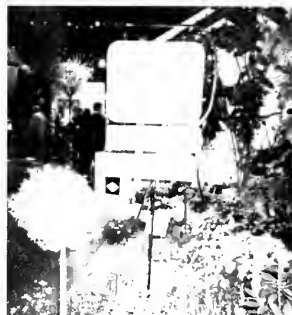

THE GARDEN: OUR CHILDREN'S FUTURE

Wildlife Garden Learning Environment

The wildlife garden has been designed to provide a window from nature, large and small and can be used as a teaching tool. The garden is an approach to teaching about nature and the environment. The garden material has been used to teach about the garden and its wildlife fauna. Plants known to attract birds, butterflies, bees, and other small animals, have been planted in the garden for their educational value. The garden is a window from nature for students to learn about nature and the environment. The garden is a window from nature and wildlife interacts and how useful the garden is a door to learning through nature.

This sign greeted 1996 visitors to the display. It explained the importance and educational value of a wildlife garden.

Another view of the display. Del Val is a good example of "Scholarship with application and experience." This quote is the cornerstone on which Del Val was founded on in 1896.

Alis Holzapfel and Becky Bozarth work together to set up a tree in the garden.

Chris Kuensel, Amanda Balogach, Megan Scherb, and Mike Dalton work on the construction of their middle school.

Scott Moore, Emily Metz, Lantzsch, Katie Sterner, Jason Betzer, Brian Champluvier, Jessica Jones, a Puerto Rican farmer, and Secretary Samuel Hayes pose for the camera. These are some of the Dairy Science students who will be benefiting from the Export for Scholars Program.

One of the lucky yearlings that will be making the trip to Puerto Rico.

Two farmers from Puerto Rico and Secretary Hayes get together for a picture. These are the farmers who are buying the heifers from the Pennsylvania Holstein Association.

Pennsylvania
Export for
Scholars

Emily Metz, Secretary Samuel Hayes, and Scott Hartz give a thumbs up for the program. Emily and Scott are Delaware Valley College's Ag Ambassadors.

Export for Scholars

Delaware Valley College, in partnership with the Pennsylvania Holstein Association, is sending 12 yearling heifers to Puerto Rico this fall. This venture will accomplish three purposes: to help Pennsylvania develop an international trade in bred heifers, to educate students in international trade and global exchange issues related to the animal science industry, and to allow students an opportunity to travel to Puerto Rico to learn about pricing, selection, transportation, nutrition, genetics, breeding, production goals, and successful marketing of international commodities.

Secretary Hayes, Jessica Jones, Scott Moore, Joy Leshner, Jason Fetzer, Jake Lantzsch, and Emily Metz share a lighter moment during the ceremonies.

Dean Vincent, Secretary Hayes, and President Leamer join hands as a symbolism to the partnership that is being developed between Del Val and the Pennsylvania Department of Agriculture.

Two more of the yearlings that will be sent to Puerto Rico in August.

SENIORS

In four years, we've definitely made some Tracks here at DVC. We've taken over clubs and organizations, leading them in our own unique way. We made some Tracks as life at DVC changed - new residence hall policies, new grading systems, new standards and procedures, and new faculty & staff.

Now, as we leave DVC we take the Tracks left with us from the friends we've loved & learned from on our college journey. As we move out into the world, one step at a time, it is by these roads that we will stay linked together.

Good clean fun. These seniors tried to get cleaned up together after having a mud fight after the hurricane.

Dave Johnson shows just how cold it really is out there. With snow on the first day of second semester, and two more snow holidays, there was plenty of time to go out and play.

Dr. Nash, Nate Bradshaw, Cheryl Grove, Mr. Dommel, Rich Pia, Tony D'Amico, Shannon Richie, Chris Swallow and Christina Bolnarz are all smiles as the Food Science seniors finished their last dinner.

Homecoming fun included fights in giant sumo suits. A few laughs are shared before the big battle.

Spring Break was a blast! Kevin Dulie, Mike Dalton, Mike McCurdy, Ricky Navarro, Seth Gilbert, Dianna Pawlicki, Heather Majchrowski, and Gibby Goodworth were living it up in Cancun.

Nancy Daniels and Hal Grosso enjoyed themselves at the Winter Semi-Formal.

How quickly it all seems to go. By August and everyone is looking at their calendars getting ready to head back to DVC to finish up. Soon enough, graduation forms are sent to the registrar and the process begins.

The first semester went well. Fall is always a tough time at DVC and this year seemed to be extra special. Hurricane Floyd hit hard at the beginning of the year, forcing the school to close early due to flooding in September. There was better weather for Homecoming. Although DVC didn't win the football game, the parade and tailgating festivities went off without a problem. Halloween Haunting and a few days off came and went quickly. Soon it was time to head back home for Thanksgiving.

Winter Break went too quickly. Everyone spent New Year's Eve celebrating back home with family and friends. Back in December, DVC had its own party at the Winter Semi-Formal.

Snow flurries welcomed the students back in late January. It wasn't enough to close the school, but the six inches that fell a week later forced the school to close. Stranded students enjoyed playing in the snow and digging their cars out of a parking lot that never seemed to melt.

Looking Back at the Year

As the weather warmed up, seniors got excited. Spring Break brought new hope. Everywhere you looked, someone was counting the days to graduation. One by one, seniors gave their seminars breathing a big sigh of relief as they finished.

Spring brought the usual crowd of studying sunbathers. "Senioritis" was contagious and it became harder to get out of bed and into class. As A-Day rolled around, the last papers were written and the last exams were taken. Each one was a step closer to freedom. It was an exciting time, but a scary one as well. Friends and memories would be left behind at Del-Val while job interviews promised to move people away from the people and routines that they had gotten used to in the past four years.

Although everyone had hoped for sunshine and warm weather, the rain which pounded down the roof of the gym during graduation did not pound down the spirit of the seniors inside. The ceremony ran beautifully and with a tearful smile, each senior crossed the stage, receiving their diploma and becoming alumni to the wonderful college they had known and loved for the past four years.

SENIOR SOCIALS

Throughout the year, Class of 2000's socials were the place to be.

Mike Dalton, Ryan Glauser and Andrew Dougherty share some holiday cheer at the winter senior social.

Dianna Pawlicki and "Santa" Gossworth dance along to the holiday music.

"Dimples" Kelly and Corinna Strange enjoy the winter senior social. Held at the end of classes, it was one of the most attended socials of the year.

Dr. Janice Hammer, advisor to the Class of 2000 and "Santa" Gibby made this holiday celebration possible.

"Ho ho ho!" It's Santa Gibby bringing cheer to all good seniors.

Kelly Faller and friends share a few beers at the senior social.

Gino Finan and Kevin Dulio hang loose with bartenders Dr. Orr and Amy Borders.

SENIOR SOCIALS

It's come to be a tradition here at DVC, the annual Senior Socials. This year was no different. The Class of 2000 held roughly six senior socials throughout the course of the year.

Each of the socials were planned around a theme examples include the first - "hurricane social" which forced the BBQ into the APR, as well as the Halloween social, Spring Break Social and others.

As any DVC senior will tell you, their last year at DVC tends to get stressful. Senior seminar, graduation preparations, graduate school applications and job interviews all seem to loom over a senior at the same time. Socials offer a valuable service - a way to blow off some stress and hang out with your friends, while letting the class treasury pick up the tab. Socials also help the class officers keep in touch with the class, making it possible to plan trips - Spring Break and Senior Week and to pass on graduation information.

CANON

John Zeijer, Hal Grossa, Kevin Dulio and Steve Regula scope out the beach.

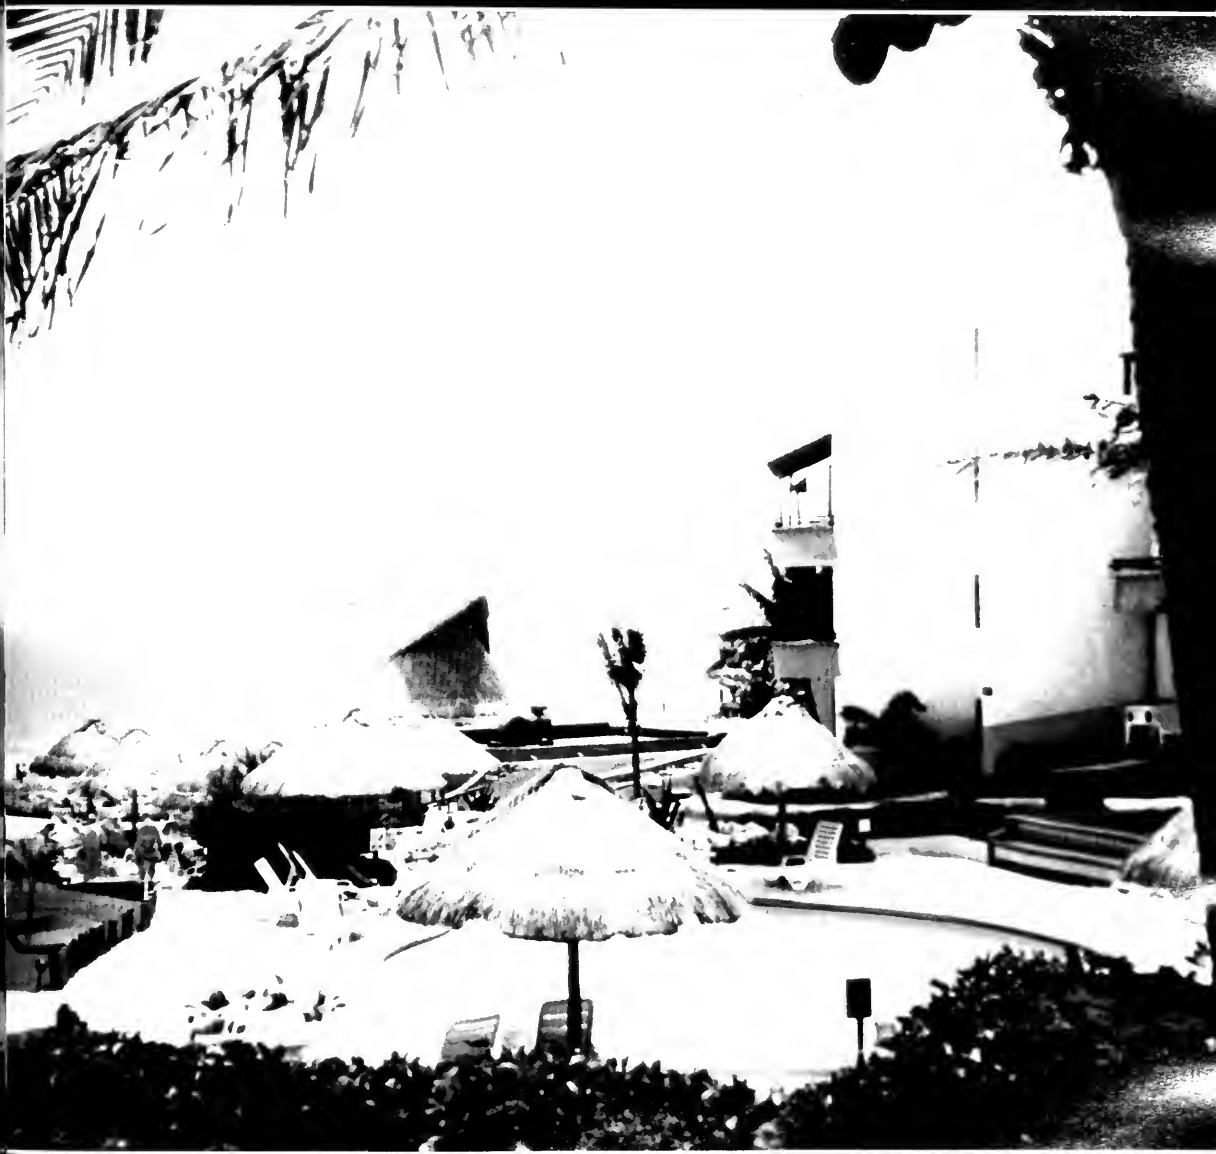

Clowning around, Kevin Dulio is quite a show-off.

Gibby Goodworth, Steve Regula, Kevin Dulio and John Zieger pose below the giant palm tree in the lobby.

Heather Majchrowski and Gibby Goodworth share a hug at Senor Frogs.

Dianna Pawlicki smiles and shows us the beads which she's having traded into her hair.

*It all comes
down to this!*

Kristen Hoffman and George Kelly applaud together as the Class of 2000 receives their degrees.

GRADUATION

Graduate Jodi Paterno sang an interpretive rendition of the *Alma Mater*.

Dean Vincent opens the ceremony by placing the mace, which represents DVC's sovereignty as an academic institution.

Charles "Chuck" Algente, Class of 1981 and VP of Technical Operations at Pepsico International gave the commencement address. Amongst his words, Algente said, "Be a leader, not a follower. Be a person who gives to benefit the community of the future."

Dr. Leamer congratulates Frederick S. Blau upon his receipt of an honorary doctorate of letters. Mr. Blau was a DVC graduate from 1940.

"By the power given to me by the state of Pennsylvania..." Dr. Leamer officially confers degrees upon the Class of 2000.

Being inside didn't spoil the mood - Mike Bird, John Darmohray, Lisa Eisen Jen Firesinger, Ryan Clauser, Kara Graver and Nicole Griesi anxiously wait while the rest of the graduates receive their degrees.

Not all of the Appies have made that career move yet... This animal science major expressed her concern on her cap.

A day of pride and joy

Janet Beagle has a lot to smile about after receiving her diploma and being recognized as the class valedictorian.

Gino Finan has some fun while waiting to receive his diploma.

As the rain poured down on May 20, 2000, inside the gymnasium at Delaware Valley College, seniors' hearts were full of joy and anticipation. Gathered there with their families and closest friends, they celebrated the end to their undergraduate college career.

Many spoke words of wisdom, including Dr. Leamer, Dean Vincent, and Chuck Alpuche. The class officers presented the school with a clock and offered their own goodbyes. Allison Majewski and Jodi Paterno each sang, perhaps bringing a tear to the eye. But years from now, looking back to reminisce,

What do you remember?

Maybe it will be how bright your parent's faces shown when you held up your diploma, or how nervous you were to walk up on stage. Maybe it will be how you couldn't quite get that academic hood on right, but how everyone seemed to have the same trouble. Maybe it will be being part of a champagne toast. Maybe it will be how you said good-bye to your roommate, or your best friend. But, no matter what you remember from graduation, between the tears and the laughter, maybe you'll remember it as the day you learned just how much four years of DVC actually meant to you.

Class president, Gibby Goodworth thanks the class for the privilege of holding his office.

Franklin Allaire adds a little levity to the day with a few bubbles. In addition, he wore a mad-hatter's hat and brought the beach balls to the celebration.

Everyone shared a similar experience that morning - if it wasn't the hat, it was the hood. Mary McGonigle takes a quick glance from the closest mirror to make sure her hood's in the right place.

Kristen Salvesen, class vice-president, displays the class gift, an engraved clock symbolizing the passage of time from one class to another.

One last picture! Food science grads Tony D'Amico, Amy Hughes, Kelly Faller, Christina Bednarz, Nate Marter, Rich Pia, Cheryl Grove and Paula Constable get together before the ceremony.

The gym was packed tight as everyone waited for commencement to begin.

Put your tassel to the left! A proud parent tries to get her grad's attention.

Stacey LoRe proudly smiles after receiving her daughter's diploma.

What we remember best from DVC...

SENIOR MEMORIES

Remember the freshmen knot? Although its rather crowded, you can pick out Jackie Bernier on the left and there's no mistaking Chris Swallow in the center.

Susan Albertson

My greatest memoir of DVC is all the friendships I've made. So I would just like to say hello and thank you to the members of "Samuel Beta Chi" and all the other friends I've made in my years at DVC.

Franklin Allaire

The best memory I have would have to be of "the Pitt" and the party that we had for Homecoming 1999. We crammed at least 75-80 people into that little four-man room with a ton of beer and alcohol and brought the house down. Thanks Mom, Dad, and Ross for your support.

Elizabeth L. Anderson

I, Elizabeth L. Anderson, thank my parents & teachers for the opportunity to continue my education. I thank my family & friends for all of their love & support. I would like to leave to MN & LK, the memorable adventures of the 3 Stooges; to ND & MC, my best times at DVC; to the hockey team, recruits; to DF & LF, thanks for a home away from home; to ?A, a wonderful reputation; and to MD, late night chats & a shock-free toaster. AKA: Beth, Fievel

So much gone so fast! Coming to grips with being at DVC - then loving every minute: Mel, Katie, Ed, Ange - LYLS; RW, SW, NS, BB - we hung in together for most of it... yearbook deadlines - how did I ever get through them? Friends from Orientation - Maggie & Jeff; those Barness girls - up to more trouble than you might think; yabba dabba doo!: SGB buds - Jeff & Steve; Friday lunches with Martha; Being that 3rd roommate, not just for M&M, but then Nicole & Janet - thanks for not stepping on my face! Getting in trouble with Beagle, Steph and Lesley - Homecoming parade and A-Day 2000! The TODAY show senior week; a wacky trip to Kansas - here's to more adventures to come! Thanks Dr. Orr, Dr. Ben & Food Science for getting me out!!

Jacqueline Bernier

CONGRATS & ADS

As we leave the college life and walk into the real world, we are able to look back through the ads of this yearbook and remember the Tracks we have made. Friends and families have watched us leave our Tracks in the past and are waiting for the Tracks that we have yet to leave. Even though people have come and gone, we can Track them through the index. May the memories never be forgotten.

To Christi Corl

No mother could be more prouder of their daughter than I am of you. You are truly the light and joy of my life. I knew the day you were born that you were going to be a very special young lady some day. I am confident that with your drive, determination and ability that you will go very far in life and I will be behind you every step of the way, no matter what direction you go or choices that you make. You have shown great growth, maturity and sense of responsibility since calling home one month into your freshman year and saying "come get me now I hate this". Now I can't get you to leave DVC or the area. You know what direction you want your life to take and you will do everything you have to get where you want to go. If I had my life to do over again, I would want to be you.

I love you, Mommy

Good luck to all my friends. Memories will be cherished. I hope everyone is successful at accomplishing their dreams. To my mom and dad, I am writing this for you. I sincerely Thank you for all your support through these wonderful years. I could have never done it without you! You have helped me through the thick and thin. You have picked me up when I was down and hysterical (usually once every month sometimes more). Don't worry, when I get a job I promise to show you how much I appreciate all that you have done. Eric and Kurt, your sister is back! Sky, your coming to live with me soon, I promise!

Andrew, I love you! My college years wouldn't have been as wonderful without you to share it with. We made it through the hardest time of our life. The rest should be easier. The Dougherty family, gracious thanks for all your thoughtful help and encouragement.

Thanks also to our moderator, Joann Donigan, our Jostens representative, Bill Straub, and our emergency response man, Jim Linden. Everyone helped out immensely.

There is no doubt that this book is a labor, but I like to think of it as a labor of love.

Thanks to my family who have put up with me for the past four years. It turns out that DVC was the right choice. Many great friendsand memories will surely keep me coming back for years to come.

Thanks also to the friends at DVC who have helped me through. Don't worry I'll stop asking you to identify pictures now!

Christina Bednarz, Editor-in-Chief

the open road, healthy, free, the
world before me, the long brown
path before me leading wherever I
choose"*
